

**MINISTRY OF ENERGY  
REPUBLIC OF SOUTH AFRICA**

**National Assembly Question: 1672**

**1672. Mr J F Smalle (DA) to ask the Minister of Energy:**

Whether she has identified a strategy to align the oil and gas facilities at Milnerton, Saldanha and the Port of Durban into an integrated system complementing each facility in respect of (a) importation, (b) exportation, (c) storage, (d) refining and (e) distribution of liquid fuel products; if not, why not; if so, what are the relevant details? NW1963E

**Reply:**

The Department of Energy is currently developing the 20 Year Liquid Fuels Infrastructure Road Map, which will enable the Department to devise a strategy that will ensure security of supply, identify bottlenecks within the liquid fuels value chain and address challenges related to infrastructure.
