

National Assembly Question 971

Mr J F Smalle (DA) to ask the Minister of Energy:

1. (a)(i) How many and (ii) which power stations operate on diesel fuel and (b) what is the reason for operating power stations using diesel;
2. (a) where does Eskom receive its supply of diesel fuel from, (b) what is the cost of diesel per litre, (c) how many litres of diesel does each plant require and (d) what is the cost per unit of electricity at these plants? NW1147E

Reply

() The Department of Energy received the question, reviewed its contents against its mandate and has determined that the most appropriate respondent should be the Department of Public Enterprise.
