

MINISTRY OF ENERGY  
REPUBLIC OF SOUTH AFRICA

**National Council of Provinces question: 398**

**Prince M M M Zulu (IFP-KZN) to ask the Minister of Energy:**

When will the electricity for the Umlalazi residents at eNtumeni in eShowe be installed as the residents have registered for electricity and received tracking numbers? **CW629E**

**Reply:**

The backlog in Entumeni area for households that are without electricity is 1686. In the current financial year 2013/14 Eskom will electrify 795 households, while the rest will be connected in the 14/15 financial year (see notice board at Entumeni which inform residence that the area will be electrified). Material is on site (see attached photos) and the contractor is currently busy with the preparation work before installation of new connections will start in the next three to four weeks.
