

2849. Ms N I Tarabella-Marchesi (DA) to ask the Minister of Energy:

With regard to the country's outdated liquid fuels infrastructure, does her department have any plans in place to upgrade the current liquid fuels infrastructure; if not, why not; if so, what are the relevant details of these plans? NW3491E

Reply

Yes, the Department intends to develop a 20 Year Liquid Fuels Infrastructure Roadmap with the intention to make recommendations regarding investments in the liquid fuels infrastructure. It should however, be noted that the bulk of the liquid fuels infrastructure belongs to the private sector (the oil industry).
