Memorandum from the Parliamentary Office

National Assembly : 2720

2720. Mr P van Dalen (DA) to ask the Minister of Energy:

(a) What are the relevant reasons for suddenly and completely aborting the Mmamabula Power Purchase Agreement (PPA) entered into between Eskom and a certain independent power producer (name furnished), which allowed for a potential electricity supply of 4 800 MW and the proposed Mmamabula Energy project as her department was responsible for procurement and (b) who were the key decision-makers responsible for aborting this project? NW3151E

Reply:

The question was responded to as Parliamentary question number 2454. The resolution of these outstanding matters coincided with the need to resolve Eskom's funding model.
