VACCINES: OUR BEST LINE OF DEFENCE AGAINST COVID-19

- The Vooma Vaccination Week continues until 10 December 2021- ensure that you protect yourself and your loved ones by getting your COVID-19 jab before you go on holiday.
- Getting vaccinated is one of the most important things you can do to keep yourself and your family safe and protected this summer!
- Let us all participate in the fight against Covid-19 by continuing to implement social distancing interventions in workplaces, and at events and wear our mask at all times in public spaces.
- From 1 December 2021, people who are immunocompromised are able to get an additional dose to enhance their immune protection.
- Registration for an additional vaccine dose is on the EVDS Registration Portal, the individuals should visit vaccination sites with the completed referral letter or an equivalent letter by their medical scheme.
- We can all reduce the number of hospitalisations and deaths over the festive period and into the new year by choosing to vaccinate.
- To locate a vaccination site near you, click on this link: <https://sacoronavirus.co.za/active-vaccination-sites/>
