PoA Monitoring

Monitoring Report

WHO?

- The **monitoring report form** (CDM-MR) is intended to be completed by Coordinating and Managing Entity (CME).

WHY?

- To present information related to the monitoring of **one or more CPA** during a monitoring period, and to support the DOE during the verification process.

WHAT?

- **Quantitative information** such as reported numbers relating to the calculation of emission reductions achieved during the monitoring period by one or more CPA.
- **Qualitative information** such as implementation and operational status, internal controls, procedures for calculations and data transfer, collection and recording.

Elements of Monitoring Reports

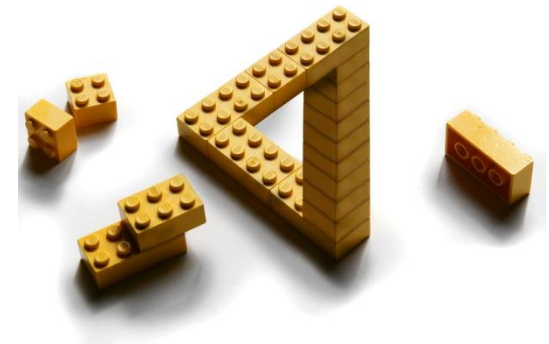

- Monitoring report contains the following section
 - a) Section A: **Description** of project activity
 - b) Section B: **Implementation** of project activity
 - c) Section C: Description of **monitoring system**
 - d) Section D: **Data and parameters**
 - e) Section E: **Calculations of emission reduction** or GHG removals by sinks

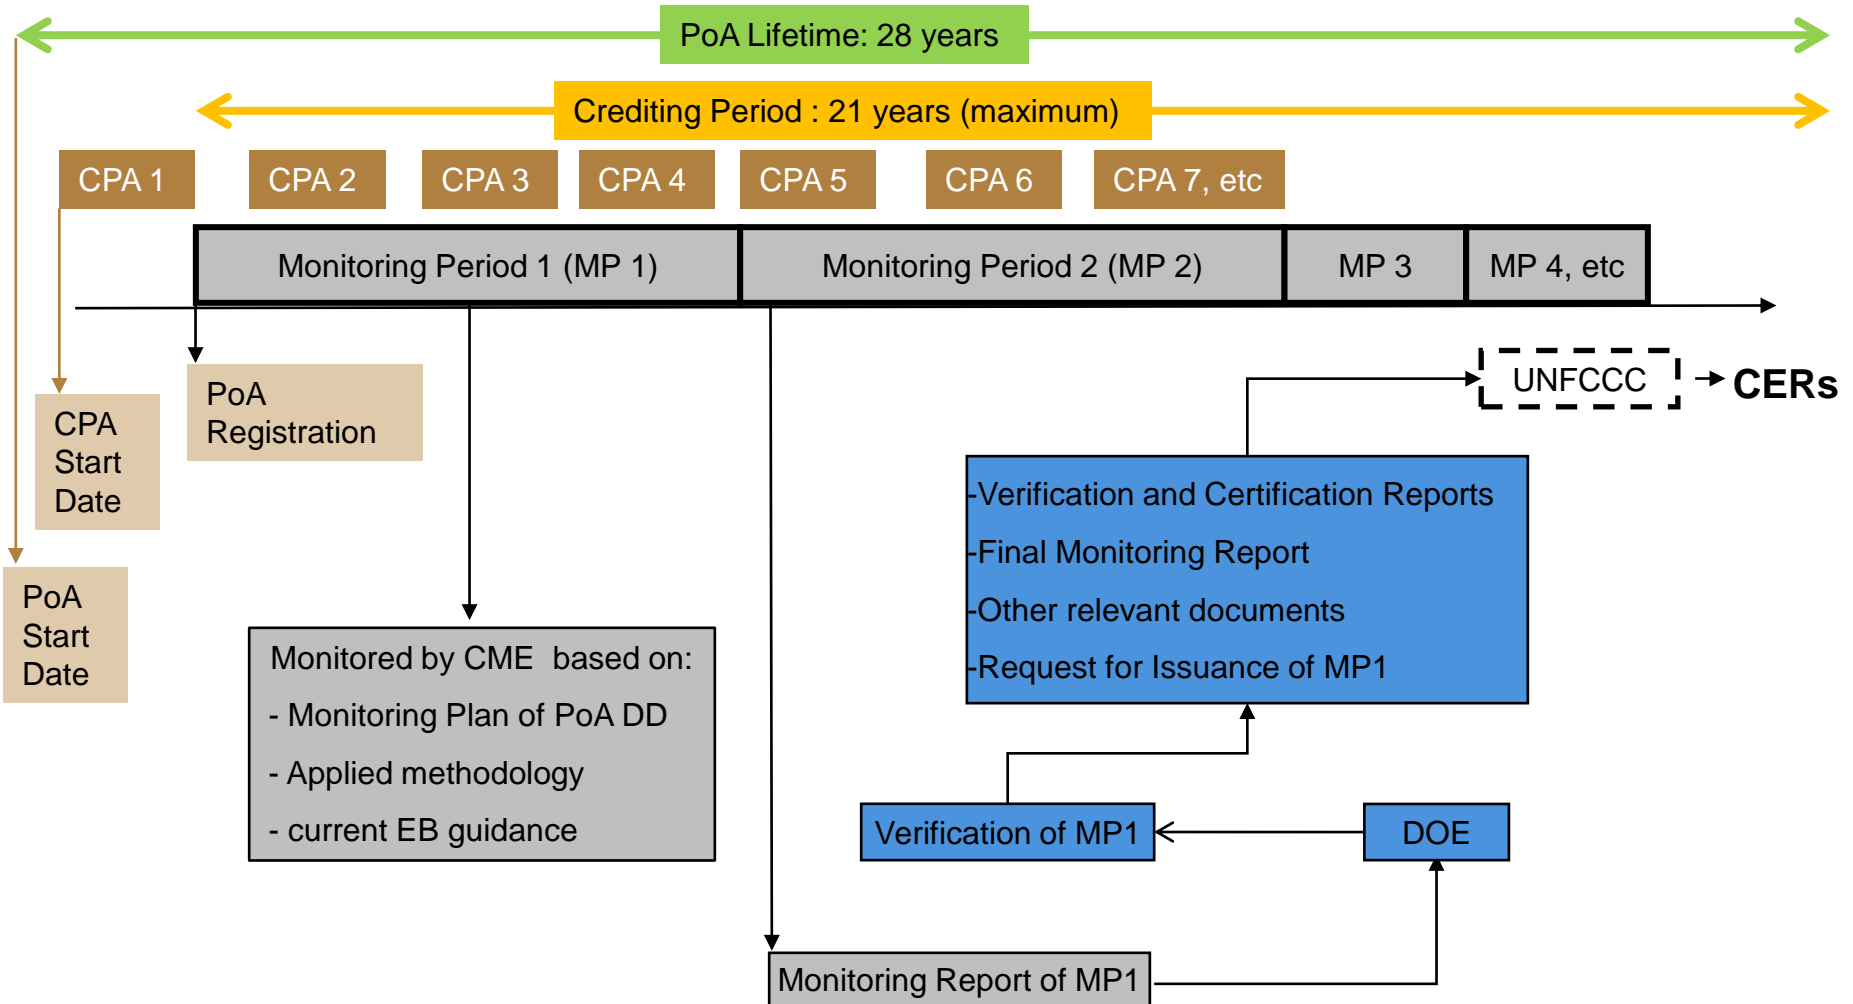

Monitoring Report for the PoA

Options

- Option 1: A single monitoring report for all CPAs included in the PoA;
- Option 2: Two MRs can be submitted for a single monitoring period but
 - Each CPA shall only be included in one of the two MR and
 - Two MRs shall together contain all monitoring results of all CPAs included in the PoA
- MR should contain monitoring results of all CPA clearly separating the monitoring results of individual CPAs
- In case of 2 MRs, DOE submits two separate issuance request.
- The monitoring periods shall be consecutive.

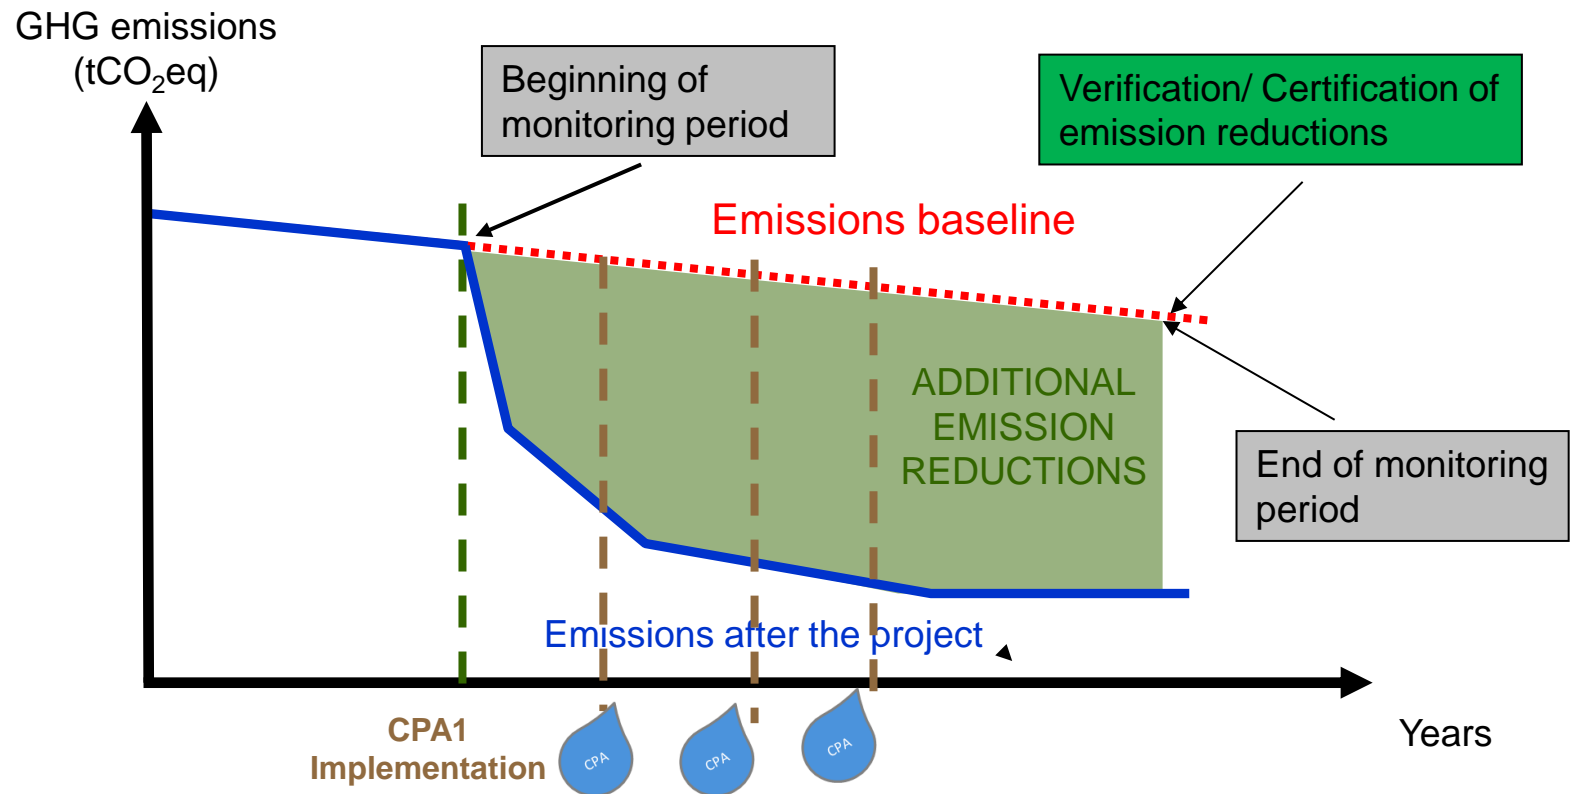

PoA verification

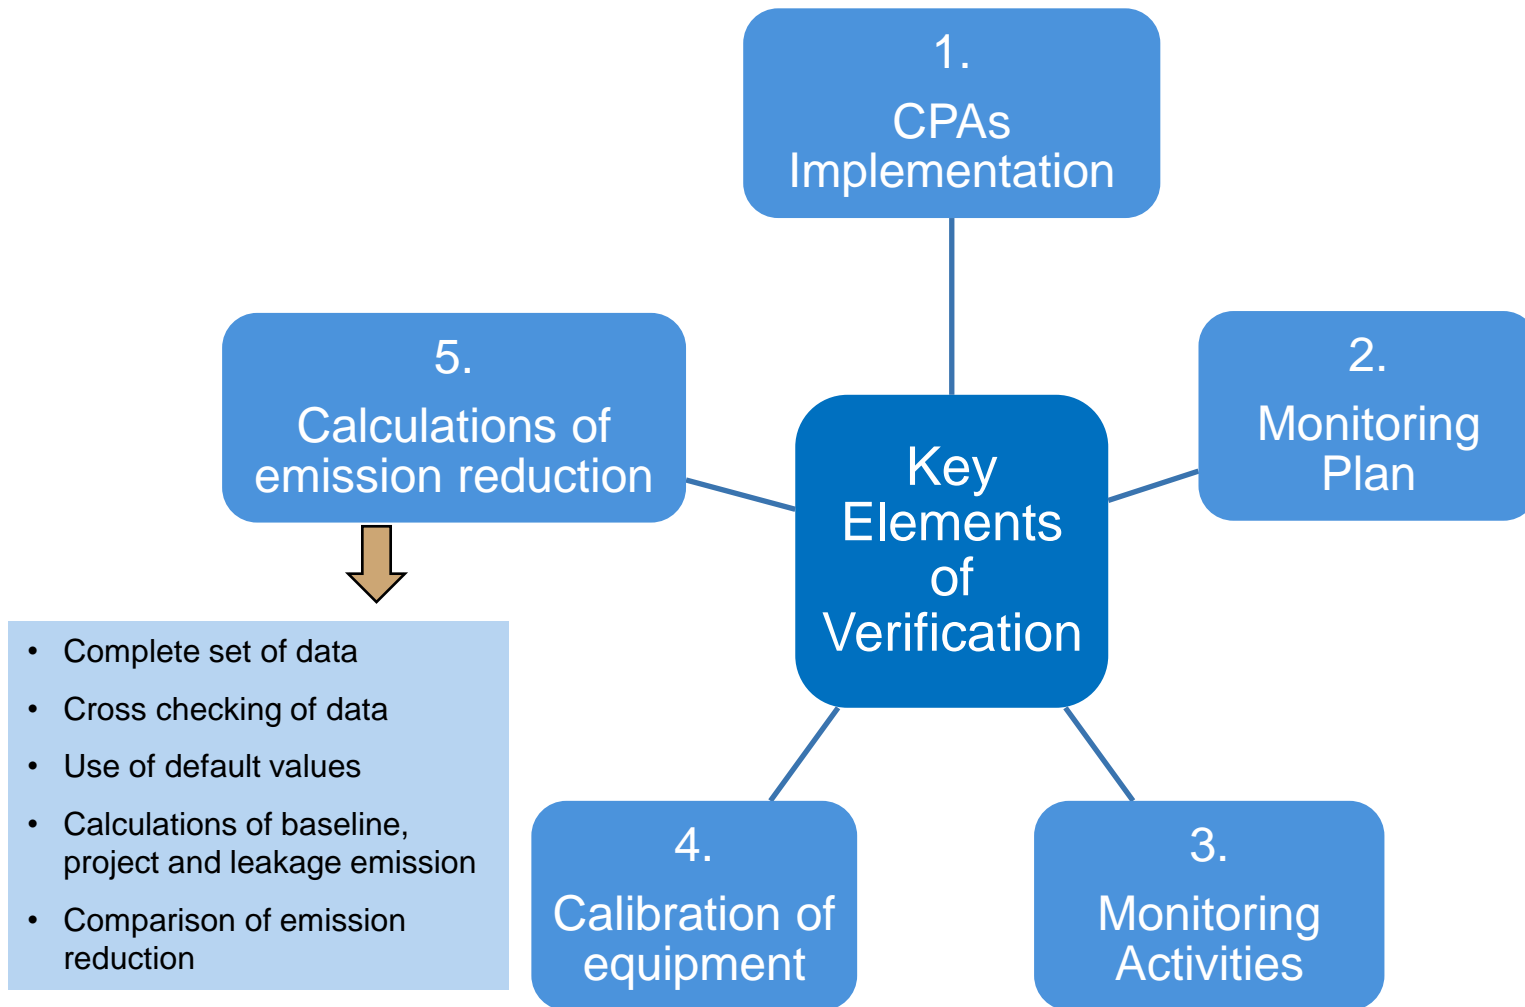

Verification of PoA

- DOE verifies that emission reductions took place, in the amount claimed, according to approved monitoring plan **for each CPA** included in the PoA.

Key Elements of PoA Verification

Verification Process

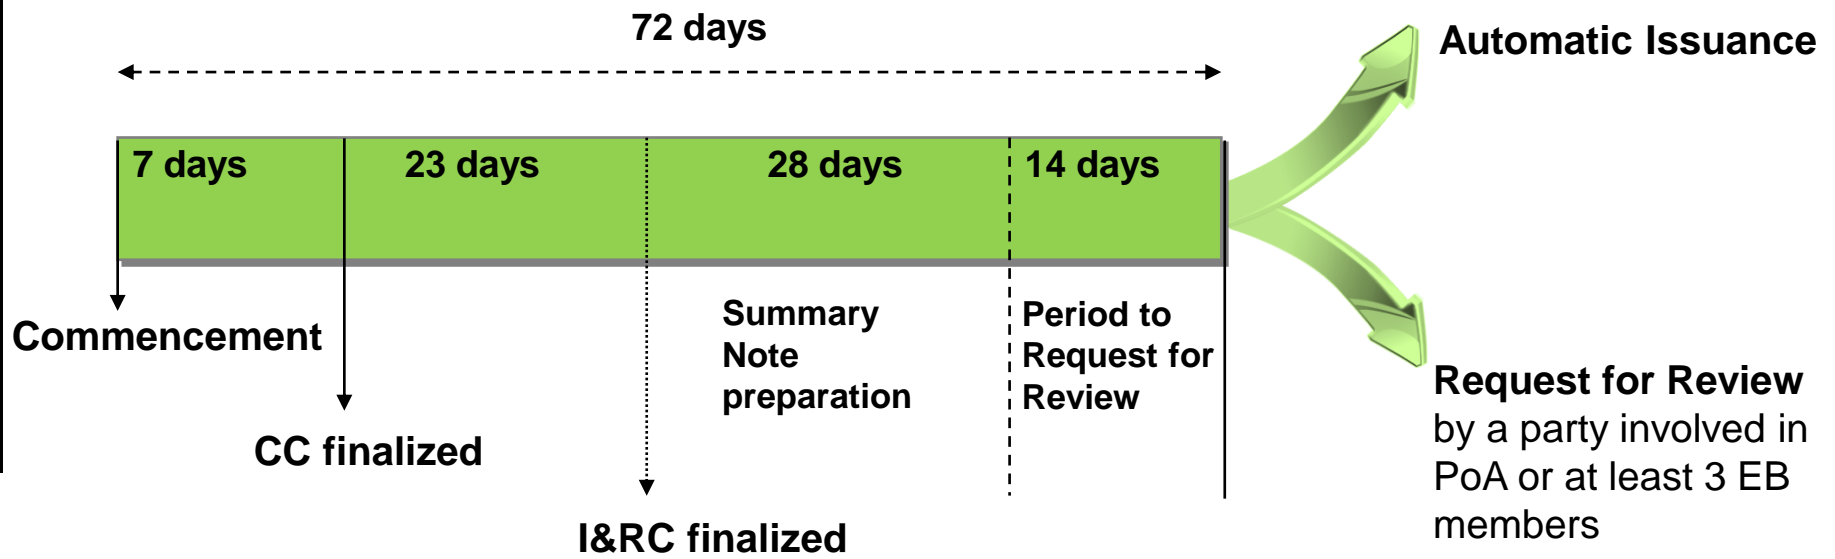

- DOE submits the **Request for Issuance** with the following documents:
 - ✓ Verification Report
 - ✓ Certification Report
 - ✓ Final Monitoring Report
 - ✓ Other relevant supporting documents
 - ✓ Request for Issuance of MP1

Issuance of CDM PoA

- **Completeness Check (CC):** Check the completeness and consistency of the documents
- **Information and Reporting Check (I&RC):** Check in accordance with the I&RC Checklist for request for issuance published in UNFCCC CDM website.
- **Summary Note (SN):** Secretariat prepare and send the summary note to EB
