The awards signal the final event of the week long Learners Focus Week hosted by the Department of Energy during the 9-14 July 2017, at Sol Plaatje University, Kimberley, Northern Cape. The Learners Focus Week Programme is aimed at promoting skills development amongst the youth, by creating awareness and exposure of career opportunities within the energy sector for Grade 10-12 learners studying STEM subjects. The annual 1-week programme is dedicated to addressing the shortage of technical skills in the sector that requires on-going intervention by the government and it's stakeholders, to promote skills development amongst the youth.

The DoE undertook the LFW2017 programme in partnership with the Northern Cape Provincial Government and Energy Sector State Owned Entities as well as the private sector.

This evening's ceremony will be led by the Deputy Minister of Energy Thembisile Majola and Premier of Northern Cape Sylvia Lucas, who will present the successful learners with Awards during the closing ceremony.
