## **MEDIA ADVISORY**

### **Walk about and Energy Safety Campaign**

The Department of Energy will embark on an Energy Safety Campaign at Joe Slovo, N2 Cape Town, Western Cape. This campaign will highlight the safe usage of electricity, and discourage community members from committing illegal actions such as dangerous connections, as well as electricity and cable theft. With winter upon us it is appropriate for the department to engage the community on safety related issues including the safe use of paraffin stoves and candles in homes.

The department will also use this platform to distribute solar lamps, and gel stoves as well as energy safety pamphlets.

**The Minister of Energy, Ms Mmamoloko Kubayi, kindly invites members of the media to attend this walk about that takes place as follows:**

Date : Tuesday, 16 May 2017  
Time : 12h00  
Venue : Joe Slovo, N2 Gateway Cape Town, Western Cape.
