DMRE TO HOST A DIALOGUE ON THE FUTURE OF COAL

The Minister of Mineral Resources and Energy Gwede Mantashe (MP) will lead a dialogue on the future of coal in the context of energy transition in the Nkangala District Municipality, on Saturday, 10 December 2022.

South Africa recognises that attainment of a just, equitable and fair transition requires government, businesses, labour, civil society and communities to play a key role not only in implementing the energy transition, but also in shaping how it will unfold.

As such, the dialogue aims to provide a platform for robust discussions on the future of coal in the context of the transition, identify key challenges, opportunities, good practices, and innovative approaches in addressing the impacts associated with the transition, taking into consideration the lives and livelihoods of the people in the District of Nkangala and its local municipalities.

Members of the media are invited to cover the dialogue as per the details below:

DATE: Saturday, 10 December 2022
TIME: 09:00
VENUE: Klarinet Ext 6 EMalahleni Community Hall.
